

FCC FORM 481

Line 1010 –Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customer

Sunflower Telephone Company in Kansas provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The tariff pages outlining the terms of the Lifeline Program in Sunflower Telephone Company are attached. The terms and conditions of residential basic local exchange service, package and bundle offerings can be found at <http://www.tariffs.net/fairpoint/ter.asp?cid=1644>

Form 481 Line 1210- Terms & Conditions for Lifeline Customer

Sunflower Telephone Company  
d/b/a FairPoint Communications

General Exchange Tariff  
Section 3  
16<sup>th</sup> Revised Sheet 1

3. LOCAL SERVICES

3.1 Local Exchange Telephone Service - Basic Service Rates

These monthly rates apply to all customers of the Company. This rate covers the provision of network access to a local customer location, including tone dialing capability, and entitles the customer to local calls (without toll charge) to all local stations connected to a central office of the exchange, or to all local extended local service area where comprised of more than one exchange.

The following rates apply to all customers for basic local exchange service within the exchanges of:

		<u>Monthly Rate</u>
(CR)(I)	Business Access Line	\$16.93*
(CR)(I)	Residence Access Line	\$13.27

\*See Section 3, Sheet 20 for available term and volume discounts

3.11 Kansas Universal Service Fund

Beginning March 1, 1997, the Company will assess a fee for funding of the Kansas Universal Service Fund (KUSF), including Kansas Lifeline Service Program (KLSP), and the Kansas Telecommunications Access Program (TAP). These funds were enacted by the Kansas Legislature in 1996, and authorized by the Kansas Corporation Commission on December 27, 1996 in Docket No. 190,492-U. The Amount of the fee may vary as determined by the Fund Administrator.

3.12 Lifeline Service

The Lifeline Service (Lifeline) program, sponsored by the FCC, is a program designed to maintain and preserve universal service by providing a reduction in the price of basic residential local exchange service to qualifying low-income customers.

a. General

- (T)
1. Lifeline is a federally funded reduction of local service charges. Eligible applicants will receive a reduction of \$9.25 on their local telephone bill.

(D)

Issued: April 17, 2013

Effective: July 1, 2013

Patrick L. Morse  
Sr. Vice President - Governmental Affairs  
PO Box 199  
Dodge City, Kansas 67801-0199

Form 481 Line 1210- Terms & Conditions for Lifeline Customer

Sunflower Telephone Company  
d/b/a Pal/Point Communications

General Exchange Tariff  
Section 3  
7<sup>th</sup> Revised Sheet 2

- (a) Lifeline customers will also receive additional Lifeline Service reductions in Intrastate local service of \$7.09 for customers in the Jetmore exchange and \$6.77 for all other customers.
2. Local service for Lifeline customers may not be disconnected for non-payment of toll charges.
  - (a) Toll Restriction Service will be provided to Lifeline customers at no charge.
  - (b) Lifeline customers are not required to accept Toll Restriction Service as a condition to avoid disconnection of local service for non-payment of toll.
  - (c) Lifeline customers are not required to pay a deposit in order to obtain local service if the customer voluntarily elects installation of Toll Restriction Service.
3. Partial payments from Lifeline customers will be applied first to local service charges and then to toll charges.
4. Lifeline customers will not be denied re-establishment of service on the basis that the customer was previously disconnected for non-payment of toll charges.
5. Lifeline will not be furnished on a Foreign Exchange service arrangement.
- b. Eligibility Requirements
  1. Lifeline will be provided for one (1) telephone line per household, at the customer's principal place of residence who have only one local exchange access line to his/her residential premises or dwelling place. <sup>1</sup> Verification of this requirement will be through self-certification.

(T)  
|  
(T)

<sup>1</sup> A residential premises or dwelling place is that location where a customer resides, even if such residential premises or dwelling place is only a single room. Lifeline will not be provided if the customer has access to other local exchange telephone service within the residential premises or dwelling place, provided/owned by himself/herself or owned/provided by others. If, however, it can be determined by the Company that access to other existing local exchange telephone service owned/provided by others is virtually denied, or is inaccessible to the customer, then Lifeline Service will be provided.

2. Show that he/she is currently a recipient of benefits from one of the following public assistance programs:

(T)  
-----  
(T)

(N)

1. Bureau of Indian Affairs General Assistance
2. Food Distribution Program
3. Food Distribution Program on Indian Reservations
4. Free School Lunch Program
5. General Assistance
6. Low Income Energy Assistance Program (LIEAP)
7. Medicaid
8. Section 8 Federal Public Housing Program
9. Supplemental Nutrition Assistance Program
10. Supplemental Security Income (SSI)
11. Temporary Assistance for Needy Families
12. Tribally Administered Free School Lunch Program
13. Tribally Administered Head Start (only those meeting its income qualifying standard)
14. Tribally Administered Temporary Assistance for Needy Families

Individuals choosing this option must obtain and provide to the Company a copy of a valid identification card or the appropriate documents that are issued to them by the agency administering the program.

c. Income Eligibility

A customer shall be eligible for the Lifeline Service program if that customer's household annual income level is at or below 150% of the federal poverty level. Such customers may obtain a form from the Company suitable for self-certification of income level, and provide the completed form to the Company to begin service under the program. Proof of income is required. Acceptable documentation may include the prior year's federal, state, or tribal tax return, or other forms of income certification. Customers should contact the Company for specific details.

d. Certification

1. The customer will certify eligibility for Lifeline Service. Recertification is required annually or at anytime the qualifying criteria for the customer changes.

Recipients of Lifeline Service must notify the Company when they no longer qualify for Lifeline Service. Upon receipt of the notification, the Company will discontinue Lifeline Service.

If the Company discovers that conditions exist that disqualify the recipient of Lifeline Service, local service will be billed at the full rate. The customer will be billed retroactively either to the date Lifeline Service commenced or the date the recipient no longer qualified for the service not to exceed 12 months.

FCC Form 481

Line 100- Service Quality Improvement Reporting  
{47 CFR 54.313(a)(1)}

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.<sup>1</sup>

---

<sup>1</sup> The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

Sunflower Telephone Co.,  
Colorado  
461835

**Line 510: Service Quality Reporting/Consumer Protection Rules Compliance**

Sunflower Telephone Co., hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Colorado Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as identified in the Code of State Regulations, compliance with Service Objectives as identified in the Code of State Regulations, compliance with customer inquiry procedure as identified in the Code of State Regulations, compliance with Dispute standards as identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."<sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."<sup>3</sup>

Sunflower Telephone Co. is subject to Service Quality reporting requirements per 4 CCR 723-2, Rule 2341. Trouble reports exceeding 8 reports per 100 lines (averaged over a 3-month period) and Out-of-Service reports under 85% cleared within 24 hours (per wire center) are to be submitted to the Commission within 31 days following the end of the month in which the standard is not met via written report listing each offending wire center. Penalties and or fines may be assessed in the event of non-compliance pursuant to state regulations.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mail or by electronic mail at [consumer@fairpoint.com](mailto:consumer@fairpoint.com). The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

<sup>1</sup> *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

Form 481 Line 610: Functionality In Emergency Situations

## Business Continuity Plan Overview

### Introduction

FairPoint Communications, Inc. ("FairPoint") is committed to maintaining a vigilant state of disaster preparedness for the interests of our customers, stockholders, employees and other critical stakeholders.

The purpose of our Business Continuity Plan (BCP) is to define the disaster preparedness and recovery protocols and procedures required to restore FairPoint's critical business support functions, inside and outside plant systems and operations within FairPoint's operating footprint.

BCP components detail FairPoint's procedures for preparing for and responding to an emergency situation affecting our ability to deliver core services to our customers and our ability to meet legal dictates, and regulatory requirements.

This document discusses the following:

- BCP Scope & Structure
- Recovery Strategies and Logistics
- Plan Maintenance and Exercising

### BCP Scope

FairPoint's business continuity response planning is concentrated on two critical operational areas:

- Customer Interfacing – It is recognized that a "business impact" only occurs when an external-interfacing element is disrupted. In essence, this means that if FairPoint experiences a disruptive event, but one that does not breach the outer-shell of the FairPoint operation and interrupt critical customer services, customer product or other external end-user, then it does not have a business impact, as defined by the BCP
- Infrastructure Integrity – Without critical infrastructure systems, the ability for all other FairPoint business operations (back/front office) can come to a halt. It is these infrastructure systems that provide the critical human-factor of our customer-interfacing services. Critical infrastructure would address such services / systems as, building space for staff, service utilities, telecom network, IT network, etc.

The BCP has been developed to assure the continuity of critical customer interfacing services and systems should a physical incident or workforce disruption event occur, which affects:

- IT/IS
- Administrative and Support Operations
- Inside and Outside Plant Operations
- NOC (Network Operations Center)
- E-9-1-1
- Dispatch
- Repair Center

FairPoint has developed response / recovery strategies addressing physically disruptive incidents and workforce related disruptive incidents (i.e., work-stoppage and pandemic). All response strategies are based on recovery time objectives of those department functions and critical infrastructure systems essential to sustain customer interfacing services.

FairPoint Communications

1 Davis Farm Road  
Portland, ME 04103

Bamey Boynton  
Director, Operational Risk

### **BCP Structure**

The BCP consists of several components:

- The BCP Manual (an overview of all BCP documents)
- IR Playbooks (addresses the response procedures for Physical and Workforce related events),
- Appendices (the IR Playbook procedures links to these Resources Files)
- Department Recovery Plans (Business and Plant Operations)
- Business Impact Assessments (Business and Plant Operations)

The Event Response diagram below identifies the overall BCP documentation and how a disruption or incident will dictate which path of the BCP will be followed to restore business operations.

Once the incident or disruption occurs, the impact first needs to be quickly assessed to determine whether it is a physically disruptive event (local or regional) ("Physically Disruptive Event") or a workforce disruptive event (work-stoppage or pandemic) ("Work-Force Related Disruptive Event"). The disruption is always focused on critical business operations and services that can impact customer interfacing / deliverables.

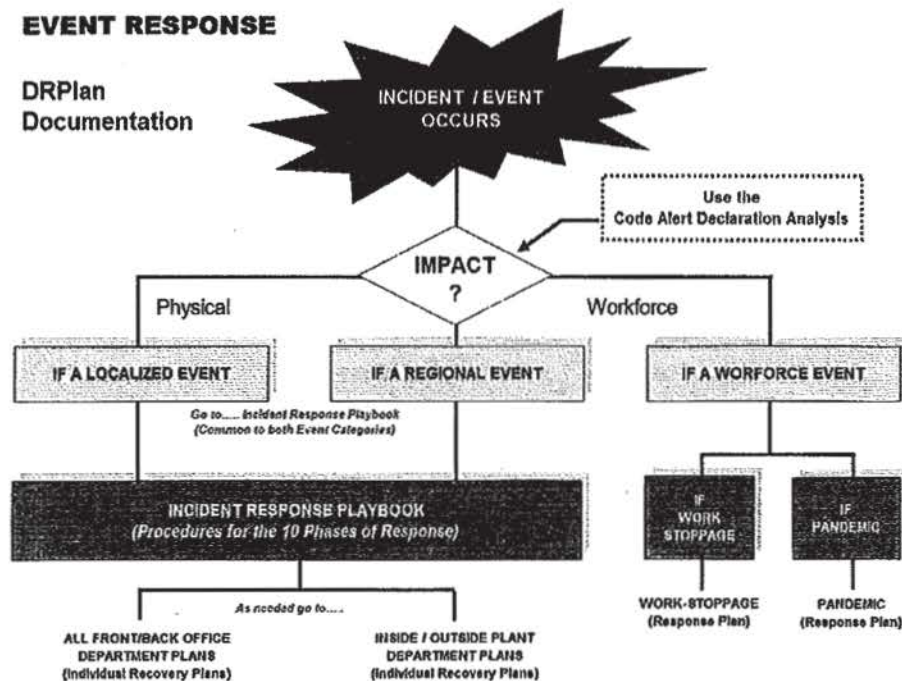

FairPoint Communications

Portland, ME 04103

Barney Boynton  
Director, Operational Risk

## EVENT RESPONSE

DRPlan  
Documentation

### Recovery Strategies and Logistics

Our BCP is based on the premise that FairPoint cannot stop disasters from occurring, but we can address the IMPACT of incidents should they occur. Where possible we will provide risk mitigation measures that will minimize the likelihood of having a serious disruptive incident but in no case can we eliminate all disruptive possibilities. The BCP is triggered by a Disruption Scenario, not a Threat Scenario. FairPoint pre-plans for potential break-points that can result in a customer interfacing disruption and incorporates recovery strategies that will inherently address any potential threat and any resulting business disruption impact. The actual threat (i.e. fire, flood, etc.) is pertinent only with respect to immediate response activities. All subsequent response efforts are focused on the assessment of damages (physical losses and recovery duration) and the implementation of restoration and recovery strategies. The restoration of the business servicing operations and infrastructure systems is based on salvage, replacement of systems and alternate functionality measures, which are pre-defined in the BCP.

Each department has developed a recovery plan based on its critical operations as they pertain to the deliverables they contribute to our customers. FairPoint has triaged the recovery efforts based on the concept of customer servicing impact. Federal and State regulatory requirements have a high level of consideration in

FairPoint Communications

1 Davis Farm Road  
Portland, ME 04103

Barnaby Boynton  
Director, Operational Risk

addition to the business impact concerns. The BCP goal is to minimize the disruption duration as much as is practical and provide a level of risk mitigation that will maintain critical operations.

The Ten Response Phases of Physical Event are:

- Incident Notification
- Visual Damage Assessment
- Incident Stabilization
- Command Center Initiation
- Initial Notifications to Business Departments – to activate plans
- Primary Site Damage Assessments
- Ready Alternate Restoration Sites
- Primary Site Salvage & Recovery
- Business Restoration Process
- Primary Site Re-established

#### **Plan Maintenance and Exercising**

The BCP is a living document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are scenario tested with oversight from FairPoint's Corporate Risk Management Team.

FCC FORM 481

Line 1010 –Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

Sunflower Telephone Company provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The tariff pages outlining the terms of the Lifeline Program in Sunflower Telephone Company are attached. The terms and conditions of residential basic local exchange service, package and bundle offerings can be found at <http://www.tariffs.net/fairpoint/tler.asp?old=1644>.

LOCAL ACCESS SERVICE

4. Colorado Direct Service Programs, (Cont'd) (T)
  - 4.1 Low-Income Telephone Assistance Program (Cont'd) (T)
    - 4.1.1 General Description (Cont'd) (T)
      - (D) Eligible customers may choose one or both of the programs set forth in paragraphs 4.1.1(B) and (C). (T)
      - (E) Eligible customers may obtain "Low-Income Toll Blocking" or "Low-Income Limited Toll Blocking" free of charge. "Low-Income Toll Blocking" is a service that does not allow any toll calls (1+, or 0+). "Low-Income Limited Toll Blocking" provides the customer with limited ability to make toll calls by dialing 0+, and using a calling card, credit card, or prepaid calling card. Billed number screening is applied to all lines equipped with "Low-Income Toll Blocking" or "Low-Income Limited Toll Blocking." Billed number screening prevents most third party, and collect calls from being charged to the access line.
      - (F) Eligible customers that elect to take "Low-Income Toll Blocking" will not be required to pay a service deposit.
      - (G) Service will not be disconnected for nonpayment of toll as long as the eligible customer continues to pay the local service charges.
      - (H) Eligible customers are offered toll control in the following manner. The customer must take "Low-Income Limited Toll Blocking". A line equipped with "Low-Income Limited Toll Blocking" provides the customer with limited ability to make toll calls by dialing an 800 number, and using a calling card, credit card, or prepaid calling card.
    - 4.1.2 Undertaking of the Telephone Company (T)
      - (A) The Telephone Company will begin providing the services and Low-Income Telephone Assistance Program discounts described in Section 4.1.1 preceding on the date this tariff is approved or becomes effective by operation of law. (T)
      - (B) The Telephone Company will waive the Service Order Charges to change to or from the Low-Income Telephone Assistance Program due to change in eligibility status.
      - (C) The Telephone Company will collect a surcharge as determined by the Commission to fund the Low-Income Telephone Assistance Program beginning on July 1, 1991, from each end user utilizing Local Exchange Service within its exchange(s) except as provided in 4.1.3 (C) following. (T)

<b>(100) Service Quality Improvement Reporting Data Collection Form</b>	FCC Form 481 OMB Control No. 3060-0986/OMB Control No. 3060-0819 July 2013
---	--

<010> Study Area Code	150084
<015> Study Area Name	TACONIC TEL CORP
<020> Program Year	2015
<030> Contact Name - Person USAC should contact regarding this data	Barbara Galardo
<035> Contact Telephone Number - Number of person identified in data line <030>	2075354126 ext.
<039> Contact Email Address - Email Address of person identified in data line <030>	bgalardo@fairpoint.com

<110> Has your company received its ETC certification from the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
If your answer to Line <110> is yes, do you have an existing §54.202(a) "5	
<111> year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

112 Service Quality Improvement Reporting.pdf

Name of Attached Document

Please check these boxes below to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.
